

Learning English Through Storytime

Learning English Through Storytime assists families to improve and practice English in a fun educational environment.

We will sing songs, read stories and complete interactive activities developing children's confidence and school readiness.

The program is suitable for children aged three to four years and their carers. Adults should be able to speak basic English as parents and children participate in the activities together.

The program will run for six sessions.

Monday mornings, 9.30 to 10.30am at Armadale Library
